We are generous with our people. Pier offers industry-leading compensation and benefits packages. Are you looking for stability?

Are you looking to join the most innovative short-span bridge team in Canada? We are looking for you!

Job Description

As a Pier Solutions superintendent, your core goal is to uphold the highest level of professionalism on all sites, demonstrating leadership, collaboration, integrity, service, quality, and a hard work ethic in all your interactions with coworkers, subcontractors, and clients. Your project responsibilities will include the following:

- Assisting project managers in estimating, creating project schedules, ordering materials, and preparing multiple sites for start of construction
- Providing leadership and expertise for internal project planning meetings, pre-bid meetings, kickoff meetings, check-ins, and debriefs throughout the course of projects
- Managing and coordinating schedules, materials, and subcontractors on an ongoing basis, ensuring no gaps in project scope
- Identifying creative construction methods to complete work requirements efficiently
- Coordinating site activities and materials, and providing general direction to internal labour and subcontractors
- Working together with project managers to maintain on-site documentation, including site instructions, contract changes, safety records, and daily job-site logs
- Ensuring that the safety program is adhered to and our COR status is upheld
- Communicating customer issues and devising ways of improving the customer experience
- Maintaining an exceptional standard of professionalism, respect, and communication on site for everyone involved, and managing conflict as it arises

- Maturing the overall services and capacities of our operations team
- Supporting and providing relief to other crews when necessary, including performing general labour as required

Other Requirements

- Knowledge of blueprint interpretation and construction best practices
- Experience with construction management software
- Class 5 license; Class 3 preferred
- Ability to work on the road
- Carpentry experience preferred
- Bridge experience preferred

Application

Please submit your resume and cover letter to team@pier-solutions.ca. Please email us if you intend to apply or if you have any questions.

We are excited to hear from you!

Our Mission

Bridges in rural Manitoba and Saskatchewan are being replaced instead of repaired or neglected instead of maintained, adding undue cost to taxpayers.

- ✓ Our Solution: we collaborate with local leaders to provide fiscally responsible, proactive, and preventative maintenance options.
- ✓ Our Advantage: we empower clients by uniquely combining engineering and construction expertise.

Our clients include municipal, provincial, and federal governments, First Nations peoples, short-line rail companies, and trail associations. Our body of work consists of vehicular, rail and pedestrian bridges.

Apply today to join the prairie's leading rural bridge company! Find out more about us at www.pier-solutions.ca
